EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Todd Oberdick on 1 June 2006.

The application has been amended as follows:

In claim 1, line 1, "consisting of" has been changed to --comprising--. In line 2, "situated in" has been deleted. In line 5, the first occurrence of the word "the" has been deleted. In line 6, before "suction tubes" --the-- has been inserted. In line 10, "consisting of" has been replaced by --comprising--. In the 4th line from the bottom of claim 1, the first occurrence of "the" has been deleted. In the last line of claim 1, "VELCRO® brand" has been replaced by --hook and loop--.

In claim 2, line 1, --special liner clothing includes-- has been inserted after "the". Also in line 1 of claim 2, "are" has been deleted.

In claim 3, line 1, "special liner clothing includes a-- has been inserted after "the". Also in line 1, "consisting of" has been replaced by --comprising--. In the last line of claim 3, "and" has been deleted.

In claim 4, line 1, "special liner clothing includes a-- has been inserted after "the". Also in line 1, "is" has been deleted.

In claim 5, line 1, "special liner clothing includes a-- has been inserted after "the". Also in line 1, "is" has been deleted.

In the specification, page 4, paragraph [0013], "Figure 3" has been replaced by --Figure 5--. In paragraph [0014] of page 4, "Figure 3" has been replaced by --Figure 6--.

The following is an examiner's statement of reasons for allowance: while the prior art teaches vacuum bags for pressure therapy with a control and measuring unit for special liner clothing, there is no teaching or fair suggestion for the vacuum bag to have six evenly arranged connections for suction tubes and a measuring connection for a measuring tube which links the interior of the bag with the pressure gauge with the special liner clothing comprising several pieces designed for different parts of the body made of two layers of fabric sewn together with longitudinal seams to form pockets filled with granulated material as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Danton DeMille whose telephone number is (571) 272-4974. The examiner can normally be reached on M-F from 8:30 to 6:00 EST.
